

HELPING PEOPLE SEE THE WORLD CLEARLY

Employment Opportunity

Job Title: Optometric Technician
Job Type: Full and part-time availability - \$18 hr
Reports to: Executive Director
Location: optical Prime mobile eye clinic
Website: www.halfhelen.org

Job Description

At half Helen (hH), we exist to help children and adults see the world clearly. hH is searching for a technician with a big heart to join our not-for-profit organization. No eye care experience? Not a problem! You will love this position if you are outgoing, eager to learn, and enjoy helping people. This is an exciting opportunity to build a career in the optometry field! We will provide on-the-job training and access to continuing education for you to learn the skills you need to grow in our organization.

optical Prime mobile eye clinic provides essential eye care to children at 42 school locations throughout the school year and to low-income and uninsured people on Fridays and during the summer months.

Responsibilities:

- Gather information about a patient's vision history
- Perform pre-examination testing
- Send patient medical reports to their Primary Care Physician after their exam.
- Help patients choose the perfect eyewear, record frame data
- Track and report any equipment defects or malfunctions
- Assist the Optometrist as needed

Characteristics:

- Enthusiastic and comfortable providing care to low-income children and families
- Excellent people skills and a desire to help people
- Daily travel required to different, predetermined locations
- **Bilingual-Spanish preferred**

Benefits:

- Medical scrubs (staff uniform) and PPE provided by HH
